Welcome!

You may have noticed that our e-newsletter has a very different look to it.

Our goal is still the same - to keep the Columbia River Treaty Tribes and our partners informed of upcoming scholarships, internships/fellowships, youth opportunities, job opportunities, and other resources in the areas of science, technology, engineering, and math (STEM).

Please feel free to share this information with colleagues who might be interested by using the forward button at the bottom of this message.

To ensure that you continue to receive our messages, add tana@critfc.org to your email contacts.

The Columbia River Inter-Tribal Fish Commission coordinates management policy and provides fisheries technical services for the Yakama, Warm Springs, Umatilla, and Nez Perce tribes.

CRITFC's mission is "to ensure a unified voice in the overall management of the fishery resources, and as managers, to protect reserved treaty rights through the exercise of the inherent sovereign powers of the tribes."
