Examples of Work Performed:

- As a member of the stream survey team, operates backpack battery operated electroshocker; places nets in stream to capture fish; enumerates fish and records data such as species, length, weight, etc.
- As member of fish tagging crew, tags and marks fish using coded wire tagging machines or freeze branding.
- Collect routine water samples and records such data as D.O., temperature, Ph, etc.
- As member of harvest monitoring team, collect catch and harvest data through monitoring of fisherman interviews, Records data such as catch, species, weight, sex, etc.
- As member of spawning ground survey team conducts spawning ground survey by foot or boat. Records data such as length, sex, species, etc.
- Perform routine maintenance of ground, building and equipment.
- Perform other job duties as assigned.

Knowledge, Skills and Abilities:

- Ability to express ideas effectively both orally and in writing.
- Ability to deal tactfully with the public.
- Ability to work outside under all types of conditions and to perform physical labor.
- Ability to record and keep orderly, accurate records.
- Ability to learn routine procedures and fisheries operations.

General Recruiting Indicators:

- Any Combination of experience or education which would demonstrate the ability to perform duties of a Fisheries Technician I.

Special Requirements:

- Required to pass a pre-employment drug and alcohol test.
- Required to successfully complete a pre-employment background check.
- Must possess, or have the ability to obtain a valid Washington State Driver's license and a Yakama Tribal Drivers Permit.
